Subject: Racers Supporting Racers 2020

Hello,

As we move back to the racing scene for 2020, many of us have been waiting patiently for this to finally happen.

Now that it has come time to return to the track, we would like to ask everyone to help out our fellow racers by volunteering as an official when not competing on a particular day.

For the up coming July 11th & 12th event, many categories are only competing on one day. With this, we ask for you to assist on the other day you're not competing to allow your fellow racers to compete safely.

Therefore, can you please contact me asap should you be able to help out this weekend with the event.

You will receive lunch on the day and there will be an officials dinner provided at the end of each day proceedings.

Saturday Dinner = Italian Meatballs with Pasta

Sunday Dinner = Sweet n Sour Chicken with Fried Rice

Can you please pass this on within your category for anyone who may be able to assist.

This is a great opportunity to get trackside participation signed off as a “P” driver for your Motorsport Australia licence.

I thank you in advance for your assistance with this and look forward to Racers Supporting Racers showing strength within the Motorsport family.
