### **Formula Vee Association of WA – letter to WASCC**

The FCR committee has been forward a letter from the FVAWA that they have sent to the WASCC regarding a recent incident with one of their members but more importantly about the general attitude of the WASCC towards its members.

The FCR committee, along with other WA racing associations, have been asked by the FVAWA to share the contents of their letter with our members. To this end, please find attached a copy of the FVAWA letter.

As this is a very serious matter the FCR committee would like to receive comments / feedback from our members on their experiences dealing with the WASCC as well as the general attitude of the WASCC towards its members. Your comments and feedback will help the FCR committee decide what action FCR should take, if any, to support the FVAWA.

Please forward any comments to FCR President, Marty Bullock. His email address is;

I would like to emphasis the sensitive nature of the FVAWA letter and to request your discretion with its contents.
