FCR Forum

I trust everyone and their families are keeping well and staying safe, hopefully this will all be behind us soon and we can get back to our normal lives and a bit of motorsport.

In the meantime, whilst we're in semi lock down, FCR is considering creating a Forum to allow members to keep in touch and discuss projects and other matters of interest. We have two primary options for the Forum; either to produce a web based one or one that would use Facebook.

Both options would only be open to FCR members and authorized guests.

I would be grateful if members could indicate their preference for either a web based or Facebook Forum. Please simply reply to me indicating your preference and we'll build the Forum around the majorities' choice. A response within the next few days would be appreciated.

Formula Classic website

For those members that look at the website regularly you will have noticed some updates and upgrades to the site recently.

As this is a fairly quiet time for most of our members now, I would like to ask you all with race cars to provide a picture and brief profile of the car / owner / driver for inclusion on the website. Just one photograph and a brief paragraph will be fine. Again, if you could email this to me I'll coordinate the entry onto the website.

Classified Advertisements

The Formula Classic website has recently added a classified advertisement section. This is a free service to FCR members. Maybe now is a good time to have a sort through those garage shelves and

dispose of any bits and pieces that are no longer of use to you but maybe of great value to someone else. Again, if you forward a photo and description of the item(s) to me, I'll be happy to ensure they are placed on the website.
