

FORMULA CLASSIC RACING

Newsletter

February 2021

Welcome to the start of the 2021 racing season and the first newsletter of the year.

AGM

The AGM for Formula Classic Racing Inc. was held on Thursday 11th February. The meeting was well attended with 20 members present and two guests. Minutes of the meeting are available to the membership, please contact me if you wish to see the minutes.

2021 Formula Classic Championship representative body and format

At the February 2021 MSA State Executive meeting FCR was confirmed as the sole representative body for Historic, Libre and Racing Sports Cars within the State of WA. This resolution by the State Executive has brought to conclusion the conflict and confusion that has marred Formula Classic racing in recent years. The hard work by FCR committee members Marty Bullock, Allan Ould and Craig Thompson needs to be acknowledged in securing this outcome for our group.

The championship format for the 2021 Formula Classic season will be as follows. Within Formula Classic there will be two sub categories; Historic cars that fully comply with their HTP / COD papers and Libre cars. All the cars will race as one field, as has happened in previous years however there will be two championships, with their own points and trophies, within Formula Classic. The FCR Handicap championship will run as normal across the whole grid irrespective of which class the car is racing in.

2021 Formula Classic Schedule

Below is the published Formula Classic race schedule for 2021; (there were a couple of incorrect dates given in the previous Newsletter's calendar that have now been rectified)

<u>Date</u>	<u>Venue</u>	<u>Event</u>

June 13 th	Barbagallo	June Race Meeting
August 1 st	Barbagallo	August Race Meeting
August 21 st / 22 nd	Collie	Race Meeting
October 2 nd / 3 rd	Collie	Coalfields 500
October 17 th	Barbagallo	T.R.Y. Race Meeting
November 13 th	Barbagallo	Night Masters

FCR Website

You may have noticed the FCR website has been undergoing a major update and the new format looks fantastic. We are very grateful to Kevin Taylor for all his work in achieving this.

The section on members cars is still a little under populated and I would like to ask all members that have not already done so to forward a photograph of their car(s) to me together with a brief description / history for inclusion on the website..

27th February 2021 – Tuning Day

To commemorate the start of the new season and to celebrate the appointment of FCR as the sole representative of Formula Classic we are encouraging as many members as possible to attend the 27th February tuning day with their cars. It's a great way to shake down the car (and driver) for the start of the season and it's also the lowest cost track time you'll find almost anywhere on the planet.

FCR will host a barbeque at the end of the day for our members and guests. To help with catering numbers could you please indicate if you'll be attending the barbeque.

STAY SAFE
