CORPORATE BOX

As mentioned in a previous FCR newsletter, FCR members now have access to a corporate box at Wanneroo Raceway. The box is located on the start / finish straight and the upper floor provides a great viewing area of the track in a comfortable and sheltered environment. There is also a small kitchen and rest area on the ground floor level. The box was given a spring clean recently and a TV installed too. Thanks again to Dick Ward at Go-Gear and Marty Bullock from Densford Civil for making this available to the members.

Comfy leather lounge chairs to relax and watch the footie in between races!

STANDING START VS. ROLLING START

Below is an update on where FCR is at with understanding the requirements to trial a rolling start.

I have been advised that the process for trialling a rolling start is quite straight forward at Wanneroo Raceway as the WASCC has a standard procedure for rolling starts in the MSA Race Meeting Standing Regulations. FCR simply need to ask WASCC for a rolling start for our events.

The implementation of a trial rolling start will be discussed further at the next FCR committee meeting.
